

To whom it may concern,

I do not want to be bothered by any business or company by telephone. My husband works nights and sleeps during the day. Before I was on the do not call list I had to turn off all the ringers on each phone so that he was not disturbed while he was sleeping. When he go up he had to turn on all the rings so that our family or friends could reach us. It is very nice not to be disturbed by unsolicited phone calls during dinner or story time with the children. Please take that into consideration.

Sincerely,

Mrs. Mary B. Hebda
